LENAWEE CHRISTIAN SCHOOL

is a great place for your student

Academic Excellence - LCS focuses on personalized education and helps students to reach their goals and be prepared for college and their future. This is accomplished through certified teachers, small class sizes, dual enrollment classes, AP classes, and technology. Universities that have accepted our international students include: Vanderbilt University, University of California, University of Michigan, Purdue University, Indiana University, and many others.

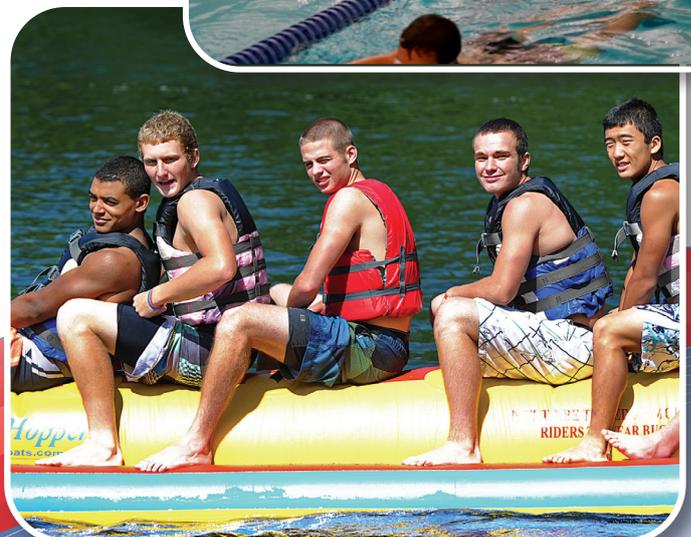

A Quality English Language Program - New international students have the opportunity to take an ESL class during the fall semester while being fully integrated into core classes. Students take iTEP's SLATE-plus to measure their English proficiency and receive individualized English instruction based on these results. International students also receive academic tutoring several times a week with our program staff and teachers.

A Safe Environment - Our school facility has tightly controlled access and a modern security system across campus. We place students with well-qualified host families that have been fully vetted through an extensive process that includes an application, interview, home visit, and background check.

A Variety of Activities for Students - LCS has athletic teams including baseball, basketball, soccer, and volleyball. In the area of fine arts, we have an outstanding theater program and a musical program that includes band, and choir. To help students with health and wellness, all international students receive a membership to The Centre, which has two swimming pools, two fitness centers, and a gym. To learn more about The Centre, visit www.thecentre.info.

Lenawee Christian School is a college-preparatory school with a strong focus on academic excellence, spiritual formation, a safe and nurturing environment, and athletic and co-curricular opportunities. The beautiful 300,000 square meters of land with excellent facilities allows for students to focus on academics. International students are limited to a small portion of the enrollment and integrate very well with American students through classes, activities, and living with their host family.
